Dear Participants:

On behalf of Virginia Amateur Sports (VAS), I would like to take this opportunity to welcome you to the 2011 Coventry Commonwealth Games of Virginia. You will be participating in Virginia's largest multi-sport festival, known throughout Virginia as Virginia's Olympics. The Games are recognized by the National Congress of State Games and this year's medal winners will be qualifying for the 2013 State Games of America that will be held in Hershey Harrisburg, PA.

You have been working and training long hours for this competition and I wish you the best as you Go for the Gold in one of the 60 sports that we will be offering this year. Competition plays a vital role in the physical development of young people as it makes them sharper, faster and smarter. I know you have strived to reach your maximum potential so you can compete at your highest level of performance.

Enjoy Friday night's Tail Gate Party and opening ceremonies. Make new friends, enjoy the excitement, entertainment and energy of the Elite Dunking Team from Washington, DC, the talent and music of an upcoming artist, Ashlyne Huff and then make sure you capture the message that Paralympic athlete, John Registers' delivers on what it takes to be victorious in life.

Now it is time to compete and leave your distractions behind you. Focus on the competition and having fun. Remember you have already gained something in your hours of commitment to excel, the healthy active lifestyle you are living and the commitment to be successful.

Good Luck in the 22nd Anniversary of the Coventry Commonwealth Games and in your future endeavors.
