

Disc Golf COVID Guidelines

- 1. Masks will not be required as our competition is outdoors, but players are required to maintain appropriate distance.**
- 2. Holes are spaced far enough so there will be no interaction between competitors.**
- 3. Groups / Cards will be 4 or less competitors.**
- 4. Checkin will be quick and competitors will be sent to their starting hole for warm up and then wait for starting horn.**
- 5. Once competitors are done with first round, they will know the second round start time and they will repeat the morning procedure.**
- 6. Awards will be given in a big open field and we will space out competitors so social distancing will be practiced.**

Most Disc Golf events do not have a large time for congregating in one place. So we will ask families to spread out together and prizes will be given out individually and spaced out.
