

### **Virginia Commonwealth Games Mini Golf Guidelines:**

- 1. Masks are not required as our competition is outdoors, but players are required to maintain appropriate social distance.**
- 2. There will be one open hole in between groups.**
- 3. Groups are minimized to no more than two players.**
- 4. We are limiting the need for scorecards down to one.**
- 5. Good sportsmanship is promoted but there will be no handshakes or fist bumps.**
- 6. Players are requested to use their own putters and balls. However, the course can provide if needed. Players must sanitize if they borrow from course.**

**We realize that these restrictions are not normal for us, but we must follow these rules in order to run the event. As always, our main concern is the health and safety of our players and their families.**
